Verse 1:

We looked good on the face of things
We spent our days like broken strings
Looking at aeroplanes,
Am Bm A
Talking wings
D
Disconnected

Chorus:

D
We came together like a hurricane
Started rivers running through my veins
Dressed in love
Am Bm A
I can feel no pain
D
So connected

Gadd9 A D Gadd9
The light is changing, the night begins
Em A D Gadd9
She whispers softly into the listening wind
Em A D Gadd9
Who comes to rescue all my faded dreams within
Em A D
When will I ever find my second skin

Verse 2:

D
We need no trappings, no nightgowns
We're living under cover in town
We're out of touch

With the people around

So connected
