**Intro:** B B B B  
 G

**Verse 1:** When the tide goes out  
 This beach is never the same  
 I don't find the rocky place  
 That was yesterday's revelation  
 So much yellow silken hair  
 Left behind to bathe in

**Chorus:** Here and now  
 I have to dream again  
 Here and now  
 I have to dream again  
 G A B

**Verse 2:** When the stars go in  
 At the break of morning  
 I get shaky under blue skies  
 It's just the way it is sometimes  
 I lean against the harbour wall  
 And I watch men working the water

**Chorus:** Here and now  
 I have to dream again  
 Here and now  
 I have to dream again  
 G A B

**Verse 3:** When the wind comes to my door  
 And I'm all alone as I can be  
 And the ocean's mighty roar  
 Is all around me  
 They're playing horn pipes, jigs and reels  
 Just outside my window

**Chorus:** Here and now  
 I have to dream again  
 Here and now  
 I have to dream again  
 G A B B  
 Every morning it's a new dawn  
 It's a canvas we can dream on  
 Dream on, dream on, dream on  
 Dream on, dream on, dream on  
 Dream on, dream on, dream on
