G
 For the first time in my life I can see I need love

There I was joking at my games
 So many hearts and I'm saying no names
 A thought occurred tears made my eyes burn
 I said to myself look what you've done to her

I can feel it inside I can't explain how it feels
 All I know is that I'll never dish another raw deal
 Playing make believe pretending that I'm true
 Holding in my laugh as I say I love you

Say no more I whisper in your ear, I say I
 love you and I will always be here
 and though I often reminisce I can't believe that I've found
 Desire for true love floating around

Inside my soul because my soul is cold
 Half of me deserves to be this way until I'm old
 The other half needs affection and joy
 The warmth created by a girl and a boy

G G \flat m Em D
 I need love

Romance sheer delight how sweet
 I gotta find me a girl who can make my life complete
 Scratch my back get cosy and huddle
 I would lay down my jacket you could walk in a puddle

I'd give you a rose pull out your chair before we eat
 Kiss you on the cheek oh girl you're so sweet
 It's deja vu whenever I'm with you
 I could go on forever telling you what I'd do

But where the hell are you neither here nor there
 I swear I can't find you anywhere
 You're not in my closet or under my rug
 And this love search is really making me bug

So if you know who you are why don't you make yourself seen
 Take a chance with my love you'll see what I mean
 Fantasies can run but they cannot hide
 And when I find you I will pour all my love inside

I need love

I'm gonna kiss you, hold you, never scold you
 Suck on your neck caress and hug you
 Cry and moan you'll never be alone
 If you're standing next to me or on the phone

Can't you hear it in my voice I need you so bad
 I've got money but love is something I never had
 I need your ruby red lips, sweet face and all
 I love more than the man who's ten feet tall

I watch the sunrise in your eyes
 So in love when we hug we feel paralyzed
 Our bodies explode in ecstasy unreal
 You're as soft as a pillow I'm as hard as steel

It's a dream I can't lie because I've never been there
 This is an experience that you and me can share
 Clean, unsoiled yet sweaty and wet
 I swear to you this is something I will never forget

I need love
 I need love

You see I've changed, I'm no longer a playboy of the world
 I need something that's stronger
 Friendship, trust, respect and admiration,
 This whole experience is such a revelation

Taught me love and how to be a real man
 Always be considerate and do all I can
 Protect you your're my lady and mean so much
 My body tingles all over at the slightest touch

Of your hand and understand I'll be frozen in time
 Till we meet face to face and you tell me you're mine
 When I find you I swear I'll be a good man
 I'm not going to leave it destiny's hands

Can't sit and wait for my princess to arrive
 Struggle and fight to keep my dream alive
 I've searched the world for a special girl
 When I find you watch this love unfurl

I need love. I need love
